

Holiday Safety Tips

TRAVELING DURING THE HOLIDAYS

With so much identity theft, try to use a paperless boarding pass. After your smartphone is scanned, you can delete it right away. If you use a paper boarding pass, be sure to shred it before discarding.

SHOPPING DURING THE HOLIDAYS

Please be careful using credit and debit cards. Never carry your PIN number in your wallet, purse, or pocket. Keep track of your receipts, check your bank account activity frequently, and report any suspicious bank transactions ASAP.
